WHAT'S AN EMERGENCY

It's anytime when failure to make prompt repairs could damage another part of your premises, or is necessary to protect the health and safety of the occupant.

WHAT HAPPENS IF I CALL FOR A NON-EMERGENCY?

We try to keep the number of non-emergency calls down at night so that we can take care of real emergencies in a hurry. If you request us to make a non-emergency service call between 6:00 PM and 8:00 am, on weekdays or anytime on Saturdays, Sundays and Holidays (State & Federal) we will charge you our prevailing rate during these hours for the time it takes to make a service call.

WHAT IF I DON'T PAY A BILL ON TIME?

Bills are due and payable on the date services are rendered. If a bill is not paid within 10 days then we are not required to render any additional services. In the event of default, the homeowner will be responsible for the cost of collecting any balance due on the account, including reasonable attorney's fees.

WHAT IF SOMETHING GOES WRONG AFTER A REPAIR?

What's fair is fair. We'll come as often as necessary to remedy a recurring situation but there's only so much we can do if equipment is worn out. Geo-N-More has the sole option to eliminate at any time from the agreement, any piece of equipment it finds to be economically unsound for further servicing or repair.

ARE THERE ANY OTHER CHARGES FOR WORK?

The homeowner agrees to pay for any services not covered by this agreement which the company renders in good faith in an attempt to minimize property damage or to protect the health and safety of the occupants. Any other work not covered by the agreement will only be performed if authorized by the homeowner or their agent.

ARE THERE TIMES WHEN SERVICE MIGHT BE DELAYED?

It's possible! We cannot be responsible for delays caused by situations over which we have no control. Examples are, fires, floods, accidents, riots, labor disputes, transportation delays, materials shortages, or like situations. We will do our best to see that repairs are made as quickly as possible.

ARE THERE TIMES WHEN I AM NOT COVERED?

Yes, if you or anyone else has damaged a system by plain carelessness or improper use, according to our judgement, or if damaged caused by conditions beyond our control (such as, but not limited to, fires, floods, freeze ups, etc.) or if it is apparent that the systems have been altered, repaired, or serviced by anyone other than us during the term of the agreement, then you are not covered. No reimbursement will be made for the labor or materials not supplied by Geo-N-More.

Except for the paid maintenance visits, it is the responsibility of the owner to clean filters. Service call resulting from dirty filters shall be billed at our prevailing rates.

ARE THERE ANY OTHER CONDITIONS?

Geo-N-More reserves the right to reject any agreement if on inspection by servicemen equipment is found in such condition that service will be unsatisfactory to both parties. At that point acceptance of the agreement will be contingent on correcting any faults with a separate time and material work order to bring equipment up to necessary standards.

Service will be substantial as described in this Agreement, and payments to Geo-N-More are solely for the services described above.
